Product Guide of the Scottish Bond

No advice has been provided by Scottish Friendly in relation to this plan. If you are in any doubt as to whether this plan is suitable for you, you should contact a financial adviser for advice. If you do not have a financial adviser, you can get details of local financial advisers by visiting www.unbiased.co.uk Advisers may charge for providing such advice and should confirm any cost beforehand.

Helping you decide

What is the purpose of this document?

The Financial Conduct Authority is a financial services regulator. It requires us, Scottish Friendly, to give you this important information to help you to decide whether our Scottish Bond is right for you. You should read this document carefully so that you understand what you are buying and then keep it safe for future reference.

What questions should I ask before I invest?

In this document we have given you the answers to some important questions. You'll find these on pages 2 to 4.

What should I do now?

Please read:

- this Product Guide

Please keep these documents with your policy document which we will send you.

Product guide of the Scottish Bond

Its aims

- To provide you with a tax-free lump sum after 10 years. This means any growth will be free of income and capital gains tax and at the end of 10 years, your payout is free of tax.
- To allow you to take advantage of your friendly society tax-free allowance.
- To provide a tax-free lump sum for your dependants should you die during the life of the bond.

Your commitment

- You agree to pay your chosen regular premium for 10 years.

Risks

- Your circumstances may change forcing you to cash in your Scottish Bond early, in which case you may not get back as much as you have paid in. This is particularly true in the early years where you will get back nothing if you cash in within the first 23 months.
- Your initial guaranteed minimum cash sum will protect some but not all of your total payments into the bond. This means, depending on future bonus rates, you could get back less than you have paid in.
- Future bonus rates will depend on investment performance and actual expenses and are not guaranteed.
- The tax treatment of your plan depends on your individual circumstances and the levels and basis of taxation may change in the future. This may reduce the amount you get back or increase the amount of tax you pay.

Questions & answers

Who should consider this bond?

You should consider this bond if you want to pay regular premiums over 10 years and you are aged between 16 and 55 and living in the UK.

Your total friendly society tax-free investments cannot be more than £25 a month (or £270 a year). Life cover is also included and you should consider if this is appropriate for your financial needs.

What is the Scottish Bond?

The Scottish Bond is a 10 year tax-free with-profits plan, which means that it grows tax efficiently and your final lump sum payout is free of tax. As a condition of the tax benefits, life cover is also included.

What is the With-Profits fund?

Our With-Profits fund is a mixed managed fund from Scottish Friendly where premiums are pooled with those of other clients and returns are linked to the performance of the underlying assets within the fund. Additionally returns are smoothed to reduce some of the ups and downs of the investment market.

What are my guarantees?

All policies offer an initial guaranteed cash sum that is payable on death or the end date of your policy (typically ten years) provided all premiums have been paid.

How are regular bonuses determined?

Regular bonuses are normally set once a year although in extreme circumstances they may be changed more frequently. The amount of regular bonus is set at a level that takes account of the investments within the fund and the projected final payout on policies. The level is set with the intention of allowing Scottish Friendly to pay a final bonus. In addition, Scottish Friendly aims to ensure that the bonus level should not change dramatically from year to year. In severe market circumstances, such as a significant and prolonged fall in the stock market and/or interest rates, the regular bonus rate could fall to zero. Every year you will receive a statement that will provide you with details of any bonuses that have been added to your policy.

How are final bonuses determined?

A final bonus may be paid on your policy end date (or on death) and is paid on the guaranteed sum assured plus any regular bonuses. The actual final bonus (if any) will depend on the performance of the With-Profits fund. The final bonus could make up a significant part of the total payment although where the performance has

been poor there may be no scope to pay a final bonus. Additionally, all bonuses are subject to smoothing and this is explained below.

What is smoothing?

The Scottish Friendly With-Profits fund is designed to smooth out some of the day- to-day risks associated with policies such as yours. The effect of smoothing is to:

- reduce the differences in payouts between policies claiming at roughly the same time
- reduce the differences in payouts over time.

Smoothing works by the fund holding back a small amount of profit when returns are exceptionally strong and distributing a similar small amount when fund returns are poor.

Whilst smoothing can help to protect customers from short-term fluctuations in returns, it cannot protect against long-term and sustained falls in stock markets and/or interest rates.

How are business risks managed?

The fund is managed to maximise growth whilst limiting risk to an acceptable level, as well as meeting all legal and regulatory requirements. The risks the fund is exposed to include new business costs, administration costs, other business ventures and supporting guaranteed benefits for specific policyholders, should the assets set aside become unable to support it. Every year the Board will report to members confirming that the fund has been managed in accordance with its principles and practices, noting any discretion exercised under advice from the fund's With-Profits Actuary.

How does it work?

When you take out a Scottish Bond we will provide you with a guaranteed minimum cash sum to be paid at the end of 10 years, provided you pay all your premiums. Over the life of your bond, depending on our investment performance, we may add bonuses to this guaranteed minimum cash sum. Bonuses are not guaranteed but, once added, cannot be taken away.

Due to the higher costs of life cover for older age groups, the guaranteed minimum cash sum will be less for older applicants.

Your Scottish Bond comes into force when your policy document is issued and your first premium is collected.

How much can I invest?

You can pay by monthly or yearly premiums. The maximum monthly premium is £25 and the maximum yearly premium is £270. These are tax-free limits, set by the Government and are the total premiums that anyone can pay into a tax-free friendly society plan. If you are currently saving or investing with another friendly society, you should make sure that the amount you start investing with your new bond does not take you above the tax-exempt limits.

How is my money invested?

Normally between 20% and 70% of the assets backing your policy will be invested in shares and property with the rest in cash, government and corporate bonds. The value of the underlying assets within the With-Profits fund is closely monitored against the amount required to pay guaranteed benefits. If the amount should fall close to the minimum value, the proportion of assets held in shares and property could be significantly reduced.

The investment strategy is reviewed at least once a year and the investment outlook and performance monitored at least monthly. The fund will be managed according to the full Principles and Practices of Financial Management available via our website or on request. You will be notified at least 3 months in advance of any changes to principles governing the fund. However the section of this fund that your payments will be exposed to invests predominantly if not solely in cash deposits. While this means you are exposed to less risk, growth potential is also less.

Investment performance is reflected in your plan through the addition of tax-free bonuses. Our policy is one of fairness to all policyholders and of paying bonuses which reflect our performance in terms of investment returns, mortality experience and costs. Once a bonus has been added, it cannot be taken away.

Scottish Friendly will always hold more assets than it needs to deliver the benefits promised to members. These support assets are also used to provide additional security and fund policy smoothing. Generally Scottish Friendly aims to ensure that these support assets are between 5% and 25% of the size of the With-Profits fund.

What are the charges?

As a traditional with-profits bond, the guaranteed minimum cash sum and all bonus rates are calculated after the deduction of all charges. This means that the bond does not have any fixed or explicit charges. An example of the expected deductions over the life of the bond is given in the table in the illustration on page 4. These are best estimates, based on recent experience. They could be higher or lower than this in the future which will have an effect on your final payout.

Can I cash in my Scottish Bond?

You may cash in your Scottish Bond at any time. However if you cash in within the first 23 months, you will get nothing

back. If you cash in after the first 2 years, any return you get back may be less than the amount you have paid in. To cash in your Scottish Bond, you should write to Scottish Friendly at the address on page 5.

Can I stop paying the premiums?

If you stop paying the premiums, we will tell you that your life cover will stop. This means we won't pay anything if you die before the end of the bond's life.

However you do have the flexibility to stop and miss payments for up to 12 months. Provided you restart your payments, and also pay back any of the payments you have missed, within a 12 month period your bond benefits will not be affected.

If you stop premiums for more than 12 months then we will reduce the payout you will receive at the end of your bond's life and not add any more bonuses.

Alternatively you can cash in your bond.

If you don't pay premiums for more than 12 months, you cannot start paying again and if you stop paying in the first 23 months, the bond will end and you won't get anything back.

What if I die during the life of the bond?

If you die during the life of your bond, your estate, which may be liable to inheritance tax, will receive a tax-free payout equal to the bond's value at the date of your death.

The bond's value at death consists of the guaranteed minimum cash sum plus any bonuses that we have added.

If you die before the end of the life of your bond, we may need to contact your doctor for medical information.

What might I get back from my bond?		
Investor (age next birthday)	30	50
Monthly premium (total invested £3,000)	£25	£25
Guaranteed minimum cash sum	£2,614	£2,534
What you could get back		
If investments grow at 1.5% per year	£2,670	£2,650
If investments grow at 4.5% per year	£3,060	£3,030
If investments grow at 7.5% per year	£3,500	£3,480

- These figures are only examples and are not guaranteed. They are not minimum or maximum amounts. Your guaranteed minimum cash sum depends on your premium and age when you apply. What you get back depends on how your investment grows and on the tax treatment of your investment. The lower projected growth rate of 1.5% for both 30 and 50 year olds next birthday provide for a return which is less than the total investment you will make over a 10 year term. This is due to the effect of charges in the first two years and cost of life cover for the duration of the bond.

- You could get back more or less than these amounts.
- These yearly growth rates are our reasonable estimate of potential returns. They are subject to the maximum rates permitted by the Financial Conduct Authority. All figures include the deduction of the actual charges assumed on the bond.
- Do not forget that inflation would reduce what you could buy in the future with the amounts shown.

Every year you will receive a statement that will provide you with details of any bonuses that have been added to your bond.

How could the charges affect my investment?

The illustration below is based on a £25 monthly investment in the Scottish Bond for an investor aged 30 next birthday. The last two columns assume that investments will grow at 4.5% a year.

At the end of year	Total paid in to date	Total actual deductions to date	Effect of deductions to date	What you might get back
1	£300	£300	£307	£0
2	£600	£325	£347	£281
3	£900	£345	£382	£581
4	£1,200	£366	£420	£893
5	£1,500	£388	£461	£1,210
10	£3,000	£514	£712	£3,060

WARNING: If you cash in before the end of the bond's life, you could get back less than you have paid in.

What are the deductions for?

The deductions include the cost of setting up your bond, expenses, life cover, any cash in charges and any other adjustments.

The last line in the table shows that, over the full duration of the bond, the effect of the total deductions could amount to £712.

Putting it another way, leaving out the cost of life cover, this would have the same effect as bringing the investment growth used down from 4.5% to 0.5% a year.

The deductions shown in this guide are best estimates and are based on current experience. They could vary in the future.

Who looks after my money?

Scottish Friendly manages the With-Profits fund. **You can read the Key Information Document provided and find out more information about this fund.**

Can I change my mind?

Within your welcome pack, you'll receive notice of your right to change your mind and how to cancel. You'll then have 30 days to cancel your investment and we'll provide instructions letting you know how to do this. If you decide to cancel within the period, we'll give you back all premiums paid.

Solvency II Directive information

Under this directive, we are required to provide you with a Solvency and Financial Condition Report which you can access via our website at www.scottishfriendly.co.uk/customer-centre/solvency-two

What happens if Scottish Friendly becomes insolvent?

If you buy a Scottish Friendly Scottish Bond and we cannot pay the full amount due, you may be entitled to compensation under the Financial Services Compensation Scheme. The maximum level of compensation for claims against firms declared in default is 100% of the claim with no upper limit.

You can get further information from the Financial Services Compensation Scheme at: Financial Services Compensation Scheme, 10th Floor, Beaufort House, 15 St Botolph Street, London EC3A 7QU. Tel 0800 678 1100**. www.fscs.org.uk

What about tax?

Your payments are invested in the Scottish Friendly With-Profits fund which does not pay income or corporation tax on any gains (other than tax on dividends from UK shares). When your bond comes to an end, your payout is normally free of income and capital gains tax. However, you may have to pay tax if you stop paying premiums (see page 3) and/or you subsequently cash in your bond before the end of your bond's life.

All references to taxation are to UK taxation and are issued on the basis of Scottish Friendly's understanding of current tax law and practice. The tax treatment of your plan depends on your individual circumstances and tax law may change in the future.

How to contact us

Here are our contact details if you need to ask us anything: Scottish Friendly Assurance Society Limited, Scottish Friendly House, 16 Blythswood Square, Glasgow G2 4HJ. Tel: 0333 323 5433*.

If you would like to receive this Product Guide in large print, braille or in another language please contact us on the details shown above.

Other information

Your client category

We are required to categorise our clients and this determines the level of detail and information that you will receive. We will treat you as a 'Retail Client' in respect of the services we will provide you, which means that you will benefit from the highest level of consumer protection.

Money Laundering Regulations 2017

Under these regulations, there is a requirement to prove the identity of people who wish to take out a life, pension or investment contract. You may therefore be asked to supply documents as evidence of your identity and/or your address.

How to complain

If you wish to complain about any aspect of the service you have received, please contact us. Details can be found in the 'How to contact us' section.

If you are not satisfied with our response to your complaint, you can contact the Financial Ombudsman Service at: Financial Ombudsman Service, Exchange Tower, Harbour Exchange Square, London E14 9SR.

Tel: 0800 023 4567** or 0300 123 9 123*.

Website: <http://www.financial-ombudsman.org.uk/>

Making a complaint won't affect your legal rights.

Language and law

The contractual terms and conditions and all communications in relation to this bond will be supplied in English.

In legal disputes, the law of Scotland will apply. This booklet is a guide to the key features of the product. Further details are contained in the policy document which is evidence of the legally binding contract between you and Scottish Friendly Assurance Society Limited.

Scottish Friendly

Scottish Friendly was founded in 1862 (formerly The City of Glasgow Friendly Society) and is an incorporated friendly society under the Friendly Societies Act 1992, registered in the United Kingdom at the address on the back of this booklet. Scottish Friendly's total assets are over £2.8 billion (as at 31/12/18).

Rules of Scottish Friendly

You can ask us for a copy of our rules.

The Direct Debit Guarantee

This Guarantee is offered by all banks and building societies that accept instructions to pay Direct Debits.

If there are any changes to the amount, date or frequency of your Direct Debit Scottish Friendly will notify you 5 working days in advance of your account being debited or as otherwise agreed. If you request Scottish Friendly to collect a payment, confirmation of the amount and date will be given to you at the time of the request.

If an error is made in the payment of your Direct Debit, by Scottish Friendly or your bank or building society, you are entitled to a full and immediate refund of the amount paid from your bank or building society.

If you receive a refund you are not entitled to, you must pay it back when Scottish Friendly asks you to.

You can cancel a Direct Debit at any time by simply contacting your bank or building society. Written confirmation may be required. Please also notify us.

*Calls cost no more than calls to numbers starting with 01 or 02 and if you are calling from a mobile phone, calls will count towards any inclusive minutes you have rather than being charged separately.

**Free from a UK landline.
